

Report on the weekend workshop done at Windsor Park Baptist (Mairangi Bay, Auckland) in March 2010 – by the prayer co-ordinator Jacqui Caetano

Wow! Such a fantastic weekend with you both!! Thank you so, so much for the wonderful teaching, ideas and wisdom you and David imparted to us. An explosion in prayer has happened as people have spread the news of what happened over the weekend.

Our healing and communion service on Thursday as well as our prayer and praise night on Thursday is doused with a day of prayer and fasting tomorrow, not initiated by ME!!! Yay - it is multiplying...E prayer chain is revamped and a multitude of replies from people wanting to be on the praying teams.

Our prayer and praise night is an evening of praying scripture how you taught us on Saturday morning!! The awareness of prayer has lifted so much, other people are slowly responding but those who attended have exploded!! Just amazing to see.

Now having creative ideas for corporate prayer in our services from the Pastor and the worship leaders.

Some intense atmosphere among the oldies. Just great to see. They have woken up from their sleep and come out of the woodwork!!

The church is exploding with amazing opportunities to serve the community that are being backed up with prayer. People are volunteering to pray for the initiatives, which is really good.

We had a group of the older folk fasting and praying for the healing and communion service last week and AMAZING things happened as people were set free. It started at 10 am - people praying until 1pm!!!

We are JUST so grateful for how your coming has woken up the church and it's becoming infectious. My level of praying has been raised and I am just so rapped at what God is doing in the atmosphere.
